

## NV Farmgate Moscato

### *Winemaking Style*

This Moscato was fermented and treated like a usual white wine. The fermentation process was halted at the desired sugar level, resulting in a sweet style of white wine.

### *Tasting Notes*

A vibrant white wine with lovely floral aromas, with honeysuckle and spicy stewed fruit. A full fruity palate with a lingering sweetness – the gentle spritz keeps the wine lively and fresh. Best when chilled in a bucket of ice enjoying the great outdoors with great company.

### *Food Pairing*

As it is a sweeter style wine, our Moscato pairs nicely with desserts including fresh fruit salads, crème brulee, ice-cream, and fruit tarts.

South Australia – White Blend
